

# LUXMANN RGB LIGHTING

## REJUVENATE YOUR SPACE AND SOUL

Patron engagement using LED lighting with programmable themes for all your events.

Revitalising sports and entertainment venues is at the forefront of LED lighting. LUXMANN's latest breathtaking LED technology highlights building features using creative themes, programmable to events & special activities. Dynamically flash sporting team colours, promote corporate sponsor colours and enhance your buildings and function rooms for seasonal themes.

Across the USA and Europe, venue and facility operators are realizing the commercial benefits of transforming traditionally 'dead' spaces into 'alive' entertainment areas of excitement, whilst engaging patrons to shop, eat or simply enjoy the experience.

The opportunity to refresh your venue and maintain interest for your patrons is now real and exciting.

Retail, Entertainment, Sporting, Monuments and Commercial Building facilities are all now able to accent their exterior and interior space with LUXMANN's automated 16-Million colour mood lighting system.

Whether it is wireless, wired or iPhone driven, the opportunity to draw and energize your patronage or raise the spirit of the home team supporters, LUXMANN is now affordable and at your fingertips.
